1. Right to admission to the MSc programme in Economics and Business Administration

Applicants having completed a BSc in Economics and Business Administration from The University of Southern Denmark have the right to admission to this master programme immediately after completion of the bachelor programme.

2. Access to the MSc programme in Economics and Business Administration

Cf section 5 of the Master's Programme Admission Order

The university may admit applicants who do not fulfil the requirements set out in subsections (1) and (2), but who, based on an individual assessment, are deemed to have equivalent educational qualifications. The university may require that applicants take supplementary exams or undertake supplementary studies

Below is specified criteria for direct access and subsequently criteria for indirect (conditional) access and finally, the bachelor and professional bachelor's degree programmes which at the present time have been assessed as qualifying, where appropriate, on condition of supplementary subjects, courses or exams.

2.1. Direct access

2.1.1. Access with a bachelor degree from a University

Applicants having completed a BSc in Economics and Business Administration are qualified for admission to the master programme.

In addition, applicants who have already completed a university degree which is related to a BSc programme in Economics and Business Administration have access to the MSc in Economics and Business Administration provided that the applicants are able to document the language requirements set by the Faculty of Business and Social Sciences. In order for a degree to be related to a BSc programme in Economics and Business Administration, it must include a minimum of 75 ECTS courses within economics and business administration.

Specific admission requirements:

In order for a bachelor degree to be directly qualifying, it must also have a certain width and depth in specific subjects as defined below. This means that the following subjects must be included with the stipulated number of ECTS:

- 1) 5 ECTS Microeconomics or Managerial Economics
- 2) 5 ECTS Accounting
- 3) 5 ECTS Corporate Finance
- 4) 5 ECTS Marketing
- 5) 5 ECTS Organizational Theory
- 6) 5 ECTS Statistics
- 7) 5 ECTS Methods for analysis of data (statistics or other qualitative or quantitative methods, including mathematics or operations research/operations management.) Data collection may be included to a minor extent

The programme is offered in English in:

Esbjerg, Kolding, Odense, Slagelse and Sønderborg and in Danish in:
Kolding

From

Annex to the Curriculum for MSc in Economics and Business Administration

- 8) 5 ECTS Theory of Science and Scientific Methodology and Methods. This requirement does not apply if the bachelor's degree has been completed at a university
- 9) Additional 35 or 40 ECTS within the area of business economics and business administration so that the total amount of ECTS within the subject area is at least 75 ECTS.

2.1.2 Access with a professional bachelor's degree

A professional bachelor's degree including a minimum of 75 ECTS courses within economics and business administration is qualified for admission if the degree based on an academic assessment either directly or through electives has a content of a sufficient width and depth as defined in 2.1.1. and provided that the applicant can demonstrate the language requirements set by the Faculty of Business and Social Sciences.

2.2 Access for applicants who do not meet the admission requirements, but who a related degree (conditional access)

If the applicant has related degree, but does not meet the specific admission requirements, the applicant can be admitted provided supplementary activities are carried out after admission in the form of supplementary exams or supplementary studies in connection with the commencement of studies.

Supplementary activities must be accomplished in parallel with the first semester at the MSc in Economics and Business Administration programme. They must be completed before the start of the 2nd semester at the latest.

Conditional access is only possible if a requirement for supplementary activities concerns 2 subject areas or less to be accomplished after the start of the semester. Conditional access is possible with up to 3 subject areas to be completed after admission provided that the 3rd field is offered as an examination in connection with the commencement of the study. There must be a maximum of 15 ECTS in total supplementary activities.

In a transition period from 1 September, 2014 until 31 August, 2016 it is possible to fulfil requirements for supplementary activities after the bachelor or professional bachelor's degree has been completed by separate courses.. In this case, the supplementary activities can exceed 15 ECTS in total. A maximum of 2 supplementary activities may be missing at the time of commencement of the study.

There is no guarantee if and in what extent supplementary activities or exams will be offered immediately before or in parallel to the study start.

2.3. Degrees giving access to the MSc programme in Economics and Business Administration

The following list contains the degrees which have currently been assessed as giving access to the master's degree programme in Economics and Business Administration. In cases where specific subjects are indicated as required, these may be included in the programme as electives. If this is not the case, the applicant can be admitted according to section 2.2. For some degrees, there is a
