What you signed up for

- A master degree at a large research university
- An international faculty and international student body
- NOT just repetition of pre-packed bits of knowledge and ‘managerial tools’
- ... BUT
 - independent discovery
 - critical thinking
 - finding problems, not ‘just’ answers
 - the chance to develop your own interests and persona

The overall structure of the program

1 + 2 SEM. COMPULSORY
COURSES (2 X 30 ECTS)

3. SEM. ELECTIVES OR
STUDY ABROAD (30 ECTS)

4 SEM. MASTER'S THESIS
(30 ECTS)

What we expect from you

- This is a full time, campus-based program!
- This is a large public university. It is **your own** responsibility to enrol into classes, keep deadlines, apply for exchanges/re-examinations/internships, extend your visas etc. You will need to learn how to navigate the uni administration. (Don't worry, there is help!)
- You are in charge! It is your own responsibility to: get course materials, plan your weekly schedule, ask questions, deliver hand-ins, prepare for exams, etc. → ask your colleagues if you are unsure or have been absent

Good to Know

- Kandidat = Danish for Master
- Cand. Merc. *your* line of study, Danish for Master of Science in Business
- Cand. Negot. neighboring program (with its own Study Board & rules)
- Study Board: decides about electives, credit transfer from exchange semesters, special exam conditions, plagiarism cases, etc.
- Secretariat of the Study Board: your contact point for all applications
- Profile Responsible: advises the study board in most matters, allocates master theses, seminar topics, internship supervision
- Student advisor: advises on all matters, decides on none
- Studiekontakten: Main contact point for handing in papers, inscribing to courses, signing up for exams, etc. (exam office is part of studiekontakten)
- International office: exchange programs & scholarships (Erasmus)
- Course responsible: senior professor overlooking a course; often *not* the teacher

What we expect from you

- You will be taught research-based, cutting-edge scientific insights.
- Your courses require a workign knowledge of corse business subjects (the entry requirements)
- - if you are unsure, **read up!**
- Form study groups, plan and control your own learning progress.

... and don't forget
to have fun!
