

The following formalities apply for written assignments from students of studies under Study Board of Political Science, Journalism, Sociology and European Studies, unless otherwise specified in the course description.

The maximum number of pages is calculated as X pages of 2.400 keystrokes, including spaces and notes.

The page number excludes frontpage, appendices, table of contents and bibliography but includes tables, notes and figures (figures counts as 200 strokes).

The student must calculate the total length of his assignment in this way and indicate the result on the front page of the assignment.

If the maximum page size is exceeded or the number of strokes does not appear on the front page of the assignment, it can be rejected, which results in a used exam attempt.
