## Guidelines for academic social events

Student associations can plan academic social events at SDU according to the same guidelines as teaching activities. Planning must be based on the guidelines in force at any time, as well as the [recommendations](#) of the Danish Health Authority.

Organisers must seek information about applicable guidelines in the [FAQ](#) on MitSDU.

Events must be approved by SDU to ensure that the framework and premises are appropriate. Contact [studentorg@sdu.dk](mailto:studentorg@sdu.dk) to apply for approval.
