# Answering assignments (quizzes, tests, essays)

This tutorial covers where and how to answer assignments in *Itslearning* as a student.
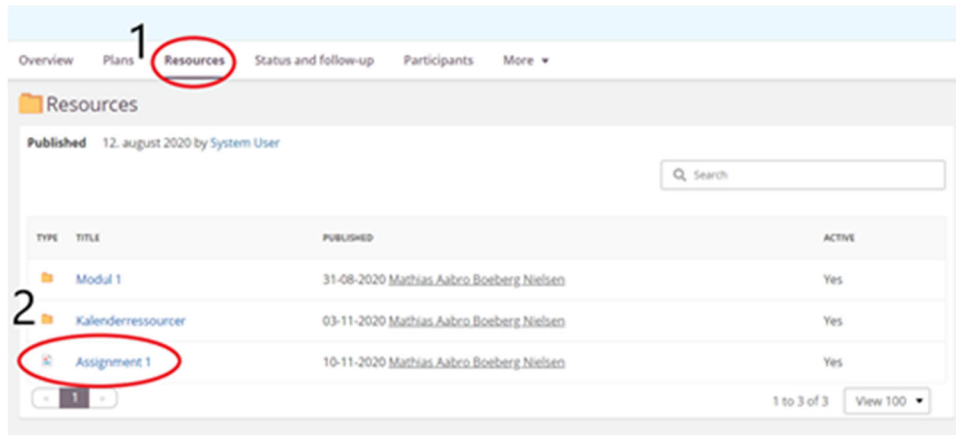

Where do i find an assignment in *Itslearning*?

Assignments in *Itslearning* are accessed directly via the specific course room. If your teacher has created an assignment in his course, you can access it via to paths:

1. Via the front page when loggin on to *Itslearning* - click on the bell icon in the upper right corner to access *Notifications*. From here, you cand find the relevant assignment (in this example: *Assignment on Porters 5 forcers)*:

2. You can also access an assignment via the tab *Ressources,* when you have entered the specific course room in *Itslearning*:

1. Click *Ressources*
2. Click the relevant assignment

How do I answer an assignment in my course on *Itslearning*?

When you have accessed the assignment in question, you are directed to the main page for the assignment or test (in this example a multiple choice-test):

On the main page relevant information about the assignment is located.

1. When ready, start the assignment by clicking *Start test*.

You are now transfered directly to the test:

Test

1 2

Question 1

What is the answer to 2+2

Your answer:

○ 1
○ 51
○ 1000000
○ 4
Clear answer

Next   **Pause test**

If allowed, you have the possibility to put your assignment on hold – if this is not the case, you must finish your test/assignment without interruption.

When having answeed all questions in the assignment, you are directed to an overview of your results:
