

Group Contract

EXPECTATIONS FOR THE STUDY GROUP

Discuss each of these four articles with your study group at the beginning of each semester.

<p>1. Framing the group work</p> <p>What should we do in the group? (solve tasks, make assignments, discuss curriculum, other?)</p> <p>What do we want from the work of the group? Professional and / or social group (e.g. focused work and / or small talk?)</p> <p>What have we prepared before we meet?</p> <p>When, where, how long, and how often do we meet?</p> <p>Should we have different roles in the group? (Moderator, "whip", minute taker)</p>	
<p>2. Communication in the group</p> <p>How does the group communicate - email, text, other?</p> <p>How and when do you cancel a cancellation?</p>	
<p>3. Conflict resolution</p> <p>What kind of problems can occur?</p> <p>How will we solve them?</p> <p>What if one or more group members do not follow our agreements?</p> <p>How do we ensure that agreements are held?</p>	
<p>4. Evaluation</p> <p>Follow up</p> <p>How often should we follow up on the group contract?</p>	

When should we first evaluate the contract?
